

Pool Board & Oversight Committee  
Council Chambers  
June 18, 2025  
Meeting Minutes

Oversight Members Present: Jim Williams, Rick Reed

Pool Board Members Present: Steve Boeder, Rachel Albert, Sheri Holweger

Also Present: Will Parsons, Aquatics Director; Devin Stoutenborough, Pool Manager

**Called to order at 7:03 PM**

**Approval of Minutes**

The June 11, 2025 special Pool Oversight minutes were unanimously approved.

The May 21, 2025 Oversight and Pool Board minutes were unanimously approved as well.

**Pool Manager's Report**

Days with good weather have had excellent attendance. The pool will likely be packed soon with coming high temperatures. We will have the June numbers in July and will compare them to past years.

Pool parties have been going well. There was one rain out but its makeup date has already happened. We may add extra party dates after swim team ends and school begins.

In-service days will begin for employees in the near future.

**Business**

*Sewer Pipe Replacement*

The pool had to unexpectedly close one day for the safety of our patrons, per a last minute request from the contractor. The contractor jack hammered the men's restroom, guard room, and the office. This is where the line had eroded. The Oversight Committee approved up to \$15,000 for the project at their special meeting.

*Slides*

The appropriations were introduced at the June City Council meeting. The second reading will take place in July with the vote to approve in August. We will also have Council vote to approve the purchase of the slide at the August meeting.

*Other*

Pro-rating passes for the remainder of the season was brought up by Will. The board approved of this idea.

Farmersville never got back with us regarding setting up a system regarding passes for their residents.

**Board Comments**

Rachel inquired as to how the sound system, has been working. Devin said pretty well with just a few hiccups. Rachel also asked about doing resident only hours. Devin shared that there are plans to implement this after swim season ends. We may also make July 4<sup>th</sup> a resident only day.

**Oversight comments**

Jim thanked everyone for the work being done.

**Adjourned at 7:39 pm**
